Choice A is the best answer. The sentence explains the origin of the Perseid meteor shower's name: the constellation Perseus, where the meteor shower's radiant is located.

Choice B is incorrect. The sentence makes a claim about meteor shower names in general; it doesn't explain the origin of the Perseid meteor shower's name specifically. Choice C is incorrect. Q2**C**

- C. Unlike crab spiders, which use mimicry to ambush prey, katydids use mimicry to hide from predators.

Choice C is the best answer. The sentence uses "unlike" to emphasize a difference in how katydids and crab spiders use mimicry, noting that crab spiders use mimicry to ambush prey while katydids use it to hide from predators.

Choice A is incorrect. While the sentence does contrast katydids and crab spiders, it misrepresents the information in the notes. Katydids mimic the appearance of leaves (not flowers), whereas crab spiders mimic the appearance of flowers (not leaves). Choice B is incorrect. While the sentence indicates that katydids and crab spiders use mimicry, it doesn't emphasize a difference in how they use it. Choice D is incorrect. The sentence describes what mimicry is; it doesn't emphasize a difference in how katydids and crab spiders specifically use mimicry.

Choice C is the best answer. The sentence emphasizes a difference between the portraits, noting that one is a painting and the other is a drawing.

Choice A is incorrect. The sentence emphasizes a similarity between the two portraits rather than a difference. Choice B is incorrect. The sentence makes a generalization about Enriquez's portraits; it doesn't emphasize a difference between the portraits of Jimenez and Anaya. Choice D is incorrect. While the sentence notes a difference between Jimenez and Anaya, it doesn't emphasize a difference between, or even mention, their portraits.

Choice B is incorrect. The sentence misrepresents information from the notes; Shackleton and his crew were themselves rescued in 1916—they weren't rescuing others. Choice C is incorrect. The sentence provides examples of works and discoveries inspired by the expedition; it doesn't provide an overview of the expedition itself. Choice D is incorrect. The sentence provides examples of works made about the expedition; it doesn't provide an overview of the expedition itself.

Choice B is the best answer. The sentence emphasizes a similarity in how people in Bangkok and Chiang Mai celebrate Songkran, indicating that people in both cities gather to celebrate with water fights.

Choice A is incorrect. The sentence notes the different locations of the largest water fight in Bangkok and the largest water fight in Chiang Mai; it doesn't emphasize a similarity in how people in Bangkok and Chiang Mai celebrate Songkran. Choice B is incorrect. While the sentence mentions that both marches took place in the early 1900s, it doesn't emphasize the order in which the two marches occurred. Choice C is incorrect. While the sentence does emphasize the order in which the two marches occurred, the order is incorrect. The UK march took place from October 12 to November 16, 1912, which was before the US march (December 1912). Choice D is incorrect.
