Q1**D****D. affected**

Choice D is the best answer. The convention being tested is the use of verbs to express tense in a sentence. In this choice, the past tense verb "affected," used in conjunction with the phrase "during this time," correctly indicates that the dust storms occurred in the 1930s.

Choice A is incorrect because the present progressive tense verb "are affecting" doesn't indicate that the dust storms occurred in the 1930s. Choice B is incorrect because the future perfect tense verb "will have affected" doesn't indicate that the dust storms occurred in the 1930s. Choice C is incorrect because the future tense verb "will affect" doesn't indicate that the dust storms occurred in the 1930s.

Q2**D****D. creates**

Choice D is the best answer. The convention being tested is subject-verb agreement. The singular verb "creates" agrees in number with the singular subject "technique."

Choice A is incorrect because the plural verb "create" doesn't agree in number with the singular subject "technique." Choice B is incorrect because the plural verb "are creating" doesn't agree in number with the singular subject "technique." Choice C is incorrect because the plural verb "have created" doesn't agree in number with the singular subject "technique."

Q3

A

A. includes

Choice A is the best answer. The convention being tested is the use of verbs to express tense in a sentence. In this choice, the present tense verb “includes,” used in conjunction with the word “currently,” correctly indicates that the frog’s current range includes parts of northern New South Wales and southeastern Queensland.

Choice B is incorrect because the past tense verb “included” doesn’t indicate that the frog’s range currently includes parts of northern New South Wales and southeastern Queensland. Choice C is incorrect because the future perfect tense “will have included” doesn’t indicate that the frog’s range currently includes parts of northern New South Wales and southeastern Queensland. Choice D is incorrect because the past perfect tense “had included” doesn’t indicate that the frog’s range currently includes parts of northern New South Wales and southeastern Queensland.

Q4

A

A. use

Choice A is the best answer. The convention being tested is subject-verb agreement. The plural verb “use” agrees in number with the plural subject “speakers.”

Choice B is incorrect because the singular verb “is using” doesn’t agree in number with the plural subject “speakers.” Choice C is incorrect because the singular verb “uses” doesn’t agree in number with the plural subject “speakers.” Choice D is incorrect because the singular verb “has used” doesn’t agree in number with the plural subject “speakers.”

Q5

C

C. experiences

Choice C is the best answer. The convention being tested is the use of verbs to express tense. In this choice, the present tense verb “experiences” is consistent with the other present tense verbs (e.g., “connects” and “prepares”) used to describe the events in Truong’s novels. Furthermore, it’s conventional to use the present tense when discussing a literary work.

Choice A is incorrect because the past tense verb “experienced” isn’t consistent with the other present tense verbs used to describe the events in Truong’s novels. Choice B is incorrect because the past perfect tense verb “had experienced” isn’t consistent with the other present tense verbs used to describe the events in Truong’s novels. Choice D is incorrect because the future progressive tense verb “will be experiencing” isn’t consistent with the other present tense verbs used to describe the events in Truong’s novels.

Q6

B

B. is

Choice B is the best answer. The convention being tested is subject-verb agreement. The singular verb “is” agrees in number with the singular subject “vest frottoir.”

Choice A is incorrect because the plural verb “have been” doesn’t agree in number with the singular subject “vest frottoir.” Choice C is incorrect because the plural verb “were” doesn’t agree in number with the singular subject “vest frottoir.” Choice D is incorrect because the plural verb “are” doesn’t agree in number with the singular subject “vest frottoir.”

Q7

A

A. it was

Choice A is the best answer. The convention being tested is pronoun-antecedent agreement. The singular pronoun "it" agrees in number with the singular antecedent "the Salt Lake Temple."

Choice B is incorrect because the singular pronoun "one" is ambiguous in this context; the resulting sentence leaves unclear whether there is only one Salt Lake temple or multiple. Choice C is incorrect because the plural pronoun "they" doesn't agree in number with the singular antecedent "the Salt Lake Temple." Choice D is incorrect because the plural pronoun "both" doesn't agree in number with the singular antecedent "the Salt Lake Temple."

Q8

C

C. It

Choice C is the best answer. The convention being tested is pronoun-antecedent agreement. The singular pronoun "it" agrees in number with the singular antecedent "multitask learning" and clearly indicates what multitask learning involves.

Choice A is incorrect because the plural demonstrative pronoun "those" doesn't agree in number with the singular antecedent "multitask learning." Choice B is incorrect because the plural pronoun "they" doesn't agree in number with the singular antecedent "multitask learning." Choice D is incorrect because the indefinite pronoun "some" is ambiguous in this context; the resulting sentence leaves unclear what exactly "involves training computer models."

Q9**A**

A. people's stories

Choice A is the best answer. The convention being tested is the use of plural and possessive nouns. The plural possessive noun “people’s” and the plural noun “stories” correctly indicate that there are multiple stories from multiple people.

Choice B is incorrect because the context requires the plural possessive noun “people’s” and the plural noun “stories,” not the plural noun “peoples” and the singular possessive noun “story’s.” Choice C is incorrect because the context requires the plural possessive noun “people’s,” not the plural noun “peoples.” Choice D is incorrect because the context requires the plural noun “stories,” not the singular possessive noun “story’s.”

Q10**A**

A. they

Choice A is the best answer. The convention being tested is pronoun–antecedent agreement. The plural pronoun “they” agrees in number with the plural antecedent “customers.”

Choice B is incorrect because the singular pronoun “one” doesn’t agree in number with the plural antecedent “customers.” Choice C is incorrect because the second person pronoun “you” isn’t conventional as a substitute for “customers.” It suggests that the audience (“you”) is the customer. Choice D is incorrect because the singular pronoun “it” doesn’t agree in number with the plural antecedent “customers.”

Notes

Accept equivalent forms (e.g. $0.25 \equiv 1/4$). For grid-in items, decimal and fraction answers are both valid.
